**MEDIA ADVISORY
American Venous Forum
National Venous Disease Screening Program**

WHAT: **Erasers Body Enhancement Centers, Inc.** is one of over 150 centers selected by the American Venous Forum to participate in its annual nationwide early detection program that will include free, comprehensive screenings to detect venous diseases, including venous insufficiency and risks for deep vein thrombosis (blood clots).

WHERE: **Erasers Body Enhancement Center**
Lakewood Ranch Medical Center – Office Building One
8340 Lakewood Ranch Blvd., Suite 290,
Bradenton, FL 34210.

WHEN: **Monday, November 6, 2006 .**

WHY: The goal of the AVF's National Screening Program is to educate the public about venous healthcare problems, risk factors, prevention and treatment options. This is the largest, most comprehensive screening program for venous disease detection that has ever been performed.
